

K12 PD Tracker

To submit and/or check on IPDP's, course proposals or verifications, go to the K12 PD Tracker on the school website. You can find this under Staff Resources (the same column as Power School, Pilot Apps etc.).

1. Once you find K12 PD Tracker, you will log in with your email address. IF you forgot your password or it has expired; under the login box it will say you "can't access my account", click on it. A temporary password will be sent to you, which you will need to change once you login.
2. (If password Change is required) Update your password by Clicking - Update My Profile and then click Password Change Utility.
3. Go to IPDP, add an IPDP. If you need more information, go to the help menu. Tutorials are available to help you through each process.
4. Go to PD Request to add any PD requests, or verifications.
